

Provenienza Origin	Sud America South America
Spessore Thickness	1,3/1,5 mm
Tipo di grana Grain	Grana prestampata Embossed grain
Resistenza alla luce e al calore Light and heat resistance	Media Average
Resistenza all'usura Wear resistance	Media Average
Caratteristiche naturali Leather characteristics	Si Yes
Resistenza alle macchie Stain resistance	Media Average
Nuvolatura Mottling effect	No No
Variazioni di colore Colour variation	Si Yes
Tipo di rifinitura Leather finishing	Pelle pigmentata e protetta Pigmented and protected leather

Possono esserci delle differenze di colore tra un lotto di fabbricazione e l'altro.
There may be color differences from one batch of leather to another of manufacturing.

MANGO

Provenienza Origin	Sud America South America
Spessore Thickness	1,2/1,4 mm
Tipo di grana Grain	Grana leggera prestampata Light embossed grain
Resistenza alla luce e al calore Light and heat resistance	Media Average
Resistenza all'usura Wear resistance	Media Average
Caratteristiche naturali Leather characteristics	Sì Yes
Resistenza alle macchie Stain resistance	Media Average
Nuvolatura Mottling effect	No No
Variazioni di colore Colour variation	Sì Yes
Tipo di rifinitura Leather finishing	Pelle pigmentata e protetta Pigmented and protected leather

Possono esserci delle differenze di colore tra un lotto di fabbricazione e l'altro.
There may be color differences from one batch of leather to another of manufacturing.

REGULAR SOFT

Provenienza Origin	Sud America South America
Spessore Thickness	1,3/1,5 mm
Tipo di grana Grain	Grana prestampata Embossed grain
Resistenza alla luce e al calore Light and heat resistance	Alta High
Resistenza all'usura Wear resistance	Alta High
Caratteristiche naturali Leather characteristics	Sì Yes
Resistenza alle macchie Stain resistance	Alta High
Nuvolatura Mottling effect	No No
Variazioni di colore Colour variation	Alta High
Tipo di rifinitura Leather finishing	Pelle pigmentata e protetta Pigmented and protected leather

Possono esserci delle differenze di colore tra un lotto di fabbricazione e l'altro.
There may be color differences from one batch of leather to another of manufacturing.

GIOIOSO

Provenienza Origin	Sud America South America
Spessore Thickness	1,3/1,5 mm
Tipo di grana Grain	Prestampata a grana grossa Large embossed grain
Resistenza alla luce e al calore Light and heat resistance	Media Average
Resistenza all'usura Wear resistance	Media Average
Caratteristiche naturali Leather characteristics	Sì Yes
Resistenza alle macchie Stain resistance	Media Average
Nuvolatura Mottling effect	No No
Variazioni di colore Colour variation	Sì Yes
Tipo di rifinitura Leather finishing	Pelle pigmentata e protetta Pigmented and protected leather

Possono esserci delle differenze di colore tra un lotto di fabbricazione e l'altro.
There may be color differences from one batch of leather to another of manufacturing.

All printed colours in a digital format are purely indicative. For technical reasons they may vary from the original samples.

Provenienza Origin	Sud America South America
Spessore Thickness	1,6/1,8 mm
Tipo di grana Grain	Leggermente prestampata Slightly embossed
Resistenza alla luce e al calore Light and heat resistance	Alta High
Resistenza all'usura Wear resistance	Alta High
Caratteristiche naturali Leather characteristics	Si Yes
Resistenza alle macchie Stain resistance	Alta High
Nuvolatura Mottling effect	No No
Variazioni di colore Colour variation	Si Yes
Tipo di rifinitura Leather finishing	Pelle pigmentata leggermente protetta Pigmented and slightly protected leather

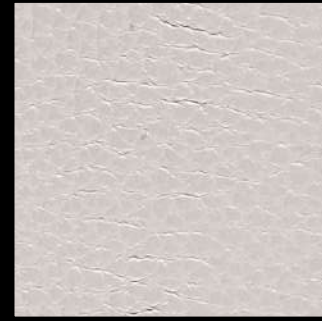

Possono esserci delle differenze di colore tra un lotto di fabbricazione e l'altro.
There may be color differences from one batch of leather to another of manufacturing.
