

BONALDO

Peak

Designer: Mauro Lipparini

Different in size and shape, the tables of the Peak collection share a slender and essential outline, typified by a flared top section and thin metal legs. The diagonal buttressed base fulfills a twin role: on the one hand it reinforces the load bearing resistance, while on the other it sums up the style and

sophistication of the piece. The tremendous attention to details is revealed even in the smallest elements, such as the support feet which provide a sense of stability both physically and visually.
