# Lamina too

Designer: Mauro Lipparini

Like a special pair of stilts but balanced on its four legs, distinguished by the welcoming glimpse of a backrest which embraces the seat. Lamina too is a emery leather stool, embellished with matching stitching edge. Measured and timeless elegance, which furnishes with style and practicality: Lamina too it is characterised by sober and harmoniously proportionate forms. The modern and essential design, enhanced by the high quality and the skilful

workmanship of the materials, makes Lamina too a valid solution for any environment, from classic to contemporary, useful for handling multiple situations. In addition to the stool, the collection includes the chair (Lamina) and the armchair with armrests (Miss Lamina), coordinated, to create consistent environments from a stylistic point of view.
